Selling **80 HEAD OF ANGUS AND 20 RED ANGUS FEMALES, PLUS 95 HEAD OF COMMERCIAL BRED HEIFERS**

Progressive Genetics from Proven Cow Families

Welcome!

Welcome to the 2026 Production Sale! Given this remarkable year and Thanksgiving season, we think it's best to take stock in the things that make our industry great, show our appreciation, and keep charging forward!

Record prices have put wind in our sails! Tight inventories and impressive domestic demand for high-quality beef have awarded all of us with much deserved prosperity. We are very thankful to see these levels of success for our customers and friends!

Mother Nature also served us a healthy dose of humility with the early fires and widespread drought conditions across our region. While we cannot control the weather or the markets, we can control the kind of cattle we build to withstand them. This environmental pressure checked our resolve and sharpened our focus of breeding with progressive balance - sturdy built, good footed, fertile, sound seedstock that can ranch, are our foremost priority!

We are thrilled to open the gate to the absolute front-end of our females! We are grateful for the interest and support of our young sires that include Frank Fortify at ST Genetics, Frank Infinity at Elwood Ranch, and Baldco Frank High Regard at ABS. We are selling the donor dam of Fortify and Infinity, as well as the granddam of High Regard. We are not cleaning up around the edges during a strong market - we are selling the very best! The females featured represent our proven matings and the cow families we are building our own future around. The donors have impressive proven earnings, the heifer calves are the mates to a knock-out set of bulls we will offer next spring, and the remarkable set of bred heifers are the most consistent and attractive set to date. We believe in sharing our best, because our momentum hinges on your success.

Come visit us before the sale to see the offering in person. We enjoy sharing our hospitality with you as we learn about your operation's goals. The friends, customers, and partners made over the years are the best part of this business! Watch our websites, social media, and LiveAuctions.tv for videos and updates prior to the sale. Please join us for friendship, fun, and the best set of females we have offered on November 21st!

Gratefully and optimistically,

THE TIEDEMAN FAMILY & THE FRANK FAMILY

FOOD AND REFRESHMENTS

A complimentary lunch will be served starting at 11:30 AM.

ACCOMMODATIONS

Sidney, NE is 18 miles from the sale site. Motels there include Hampton Inn, Comfort Inn & Suites, and Best Western Plus.
Ogallala, NE is 50 miles from the sale site. Motels there include Holiday Inn Express, Comfort Inn & Suites, and Best Western Plus

TERMS AND CONDITIONS

Angus cattle sell under the suggested terms and conditions of the American Angus Association. Announcements from the block will take precedence over printed material. **We retain the right to two flushes on all females, at the buyer's convenience and our expense, with a minimum of six transferable Grade 1 embryos total. Also, we do not guarantee the fertility on open heifers that undergo embryo transfer or that are shown prior to being confirmed bred.**

POSSESSION

Cattle are the sole risk and responsibility of the buyer upon leaving the sale ring.

LIABILITY

All persons attending this sale do so at their own risk. Sellers assume no liability, legal or otherwise, for attendees safety or for the behavior of the animals.

TRANSPORTATION

Buyers are responsible for transportation of their purchases.

PAYMENT

Cash, check, or credit cards, payable in US funds. All purchases are to be settled for at the conclusion of the sale. Credit card processing fee of 3.75% will be added.

SALE ORDER WILL BE POSTED PRIOR TO THE SALE.

Call us to schedule a viewing prior to the auction!
Frank's offering is located 1.5 miles east of Lodgepole on Highway 30. Tiedeman's offering is located west of North Platte. All cattle will be at the Frank sale site on Thursday, November 19th, prior to the sale.

- In the Angus business we have the most advanced tools to help us identify these valuable cows in our herd, but the bottom line is still profitability. Quite frankly, there are no cows that have done more for our family in the last 2-1/2 years than Lot 1. In that time frame we have marketed 15 progeny for an average of $14,250 per head to total $213,750. Her most recent success was the flush of Eternity sons that highlighted our 2026 spring bull sale featuring the top selling Frank Fortify 5062 that was purchased by Elrod Farms, GA and ST Genetics, OH. The second top selling bull was a full brother, Frank Infinity 5068 purchased by Elwood Ranch, CA.
- The driving force behind profitability in the cow calf business is sustained fertility resulting in the longevity of those females in production. It seems like a simple equation, but it is very difficult to replicate on a large scale and even tougher to improve other traits in the cow herd without sacrificing these fundamentals. That's where Frank Beauty 810 separates herself from the rest of the pack. She ranks in the most elite 1% of the breed for Functional Longevity, and has data turned in to prove it. She has built a foundation of strong reproductive performance within our herd that is second to none, while still producing genetics with top end growth, maternal value, and carcass merit. Her ability to combine practical economic value, breed leading genetic balance, outcross pedigree, and an imposing phenotype in one package puts her in elite company.
- Her donor dam, Beauty 1134, will turn 16 this spring and posts production ratios of WW 11@101 and YW 5@108, while maintaining a calving interval of 12@384 days. Her foot quality, production, and fertility are the foundation for the productive efficiency of the Beauty family.
- It's been difficult to justify selling the best cow we've owned. She's propelled our program to a new level and helped us build a cow herd we are proud of. Take advantage of the opportunity to acquire one of the truest power cows in the breed with a proven record, that is still in the prime of her life.

- MC Call 4090 is the #1 sire in the breed for $Maternal and over 400 $C! He was the $55,000 selection of Krebs Ranch, creating much excitement for his bulletproof maternal data, shape & style, as well as the production and build of his mother and grandmother! This mating is fresh, different, loaded with EPD punch, and built to ranch!

- Boyd Galaxy was the $510,000 valued highlight of the Boyd Beef Cattle sale, selling to Select Sires. A.I. sires that combine his level of data, eye appeal, and maternal backing are truly rare! He will see widespread use for his calving ease and carcass merit, but his combination of Teat, Udder, Longevity, PAP, Hair Shed, Docility, and Foot traits will earn profit and respect among the most critical stockmen!

DONOR DAM OF LOT 1 • SANDPOINT BEAUTY 1134

DAUGHTER OF LOT 1 • FRANK BEAUTY 4021

SON OF LOT 1 • FRANK INFINITY OWNED BY ELWOOD RANCHES

SON OF LOT 1 • FRANK FORTIFY $50,000 ELROD AND ST GENETICS SIRE

FEATURE LOTS

TRULY ONE OF THE MOST EXCITING FEMALES WE HAVE EVER PRODUCED!

- Lot 2 stacks eye-appeal with a cutting-edge pedigree and progressively balanced paperwork. She combines two of the hottest bloodlines in the breed, the $420,000 Executive and BA7 Oaks Erica J27, a top phenotype daughter of Erica of Ellston T220. Her clean extension through her front third catches your eye, and her capacious center body and pin width assures you she'll have the power to complement endless matings.
- Her dam, BA7 Oaks Erica J27 is a full sister to Bold Ruler and has a uniquely attractive combination of dimension, softness, and femininity with a big hip and perfect udder. She provides unmatched excitement in the 7 Oaks, Baldco, and Rippe donor pens! Her first calf, 2S 70A Erica M121, sold at weaning for $40,000 to 2S Angus of Joplin, MO. She is proving to carry on the heritage of the Erica line by flat-out producing impressive bulls. She is the mother of Rippe Bedrock 5347N, who is the top $C son of Bedrock in the entire breed, and she is the mother of Baldco Battle Plan, the 400 $C resident herdsire that impresses with shape, substance and strong curve-bending data.
- The Erica of Ellston cow family has dominated sale reports and prominent breeder's pastures over the past eight years. Rather than listing out the dozens of 6-digit sale results and EPD rankings, it is important to focus on the reasons why this cow line has been so dominant. Simply, the Erica of Ellston cow family may be the most prepotent family we have seen in recent decades for consistently producing predictable, powerful, and profitable progeny. The bull progeny have noteworthy shape, style and dominant semen sales, while the daughters are in demand for their impressive fertility, production, consistent quality, and ability to transmit genomics that remain at the forefront of the breed year after year.
- Whether your breeding goals center on creating performance bulls, broody Erica replacement females, or Phenotype and Genotype show competitors, this female has worlds of potential.

Worlds of Potential!

- Frank Susan 8117 is one of the stoutest cows we own. Not only is she physically impressive on the hoof, but she also transmits her extreme fleshing ability and extra substance to every one of her calves.
- Her yearling daughter by BCC Rapport is a testament to the power of the Susan Cow family, and her 13-yr old donor dam is proof that these cows will stand the test of time in our environment. This is another great opportunity to grab one of the top females from our donor battery that stands out for several traits including an FL EPD that ranks in the top 5% and PAP that ranks in the top 10% of the breed.
- **Sells open and ready to flush.**

- If it weren't for a full sister in the replacement pen, there is no way this bold made BCC Rapport daughter would be for sale. Much like her mother, this young Susan female pairs mass and femininity together in a nearly flawless package. Lot 4 is flawless on her feet and legs and portrays the classic Angus character that we still select for.
- The phenotype and pedigree of this dynamic female leaves an open slate for endless mating options, while still coming from one of the most productive cow families on our ranch.
- **Sells open.**

- Basin Lucy 1033 has been one of the best investments we have made, purchasing her from Basin Angus in the 2021 NILE Angus Sale. She offers calving ease in a bold constructed, high performing, gentle package. Combining the Pathfinder Sire, Spur E143, with the $104,000 valued Basin Lucy 4288, who is also the dam of Basin Deposit and paternal granddam to the $600,000 Basin Jameson.
- Her first calf, Baldco Lucy 103, was the $27,500 top selling heifer calf of our 2023 female sale to Jocko Valley Angus in Montana and is now in the Schiefelbein herd. A second daughter, Baldco Lucy 64, is a favorite young cow who raised a very exciting calving ease bull that will be featured in our Spring 2027 sale offering. She grossed $61,000 on 5 sons this spring, bringing her progeny average to $14,750 on 6 head. She has been flushed twice, producing a total of 15 embryos.
- This donor is in the prime of her life and has made fast impact in our herd, producing daughters with impressive production ratios and sons that the cowboys appreciate.
- **AI'd to Poss Pursuit on 4/4/2026 and exposed to Baldco Battle Plan. Confirmed to Pursuit, due 1/11/2027.**

FEATURE LOTS

Full Sisters
LOTS 6-8

- This trio of sisters by the $360,000 ST Genetics and Stellpflug Angus headlining sire, Boyd Bedrock, tout modest birthweight genetics with strong growth potential. These females are good footed and will add stoutness to their progeny. Five full brothers averaged $12,200 this spring.
- Bedrock sired the $360,000 Stellpflug Bighorn, the most talked about bull of the spring sale season. His six flush sisters were equally impressive and averaged $107,500 in the Stellpflug Cattle Co. production sale.
- Consider the maternal lineage behind these females with the best of Montana represented, the Sitz Shauna 220H and Basin Lucy 4288 donors represent fertile, long-lasting, good uddered genetics that are known for bull production and return on your investment!

- This standout Everelda Entense donor is the granddam to the $30,000 top selling bull in 2025, Baldco Frank High Regard, that is now featured in the ABS lineup. The maternal strength, foot quality, docility, and consistency you appreciate in High Regard is rooted deep within this cow and her family. This is the 4th generation of Everelda's we have had the privilege to mate, and the fertility, production and feet are steadfast.
- She offers a strong combination of growth, Claw/Angle, Teat, RE, CW, and $Maternal, in a very attractive and athletic package. Her daughter Baldco Everelda Entense 5100 was a feature last year, selling to Miller Angus, SD, and a full sister to Lot 9 sold to Arnett & Sons, OH.
- **Sells open and ready to flush.**

- Check out this striking heifer calf with a loaded maternal pedigree, WW and YW figures that jump off the page, impressive convenience traits, and a $Maternal value in the top 3% of the breed.
- She is built and bred to raise a bull in the future, and this cow family has been putting sons in AI studs for four decades! Roosevelt progeny are known for shape and performance, but his wet daughters are doing a great job - his first daughters are posting a Nursing Ratio of 105!

FEATURE LOTS

Maternal Sisters LOTS 11-15

DONOR DAM TO LOTS 11-15 • VISION JESSICA 701

- These three flush mates by Ellingson Prosper are the epitome of consistency. They follow their beautiful mother, Vision Jessica 701, in terms of being moderate framed, easy fleshing, and efficient in their type. However, they take things a step further with more progressive data on paper. These three powerful females are the kind to build a program around.
- 7 full brothers to these females averaged $10,500 on our 2026 bull sale, and a full sister sold to Miller Angus, SD in last year's female offering.

- I could go on for days about how much I like this heifer and her pedigree. Her mother Vision Jessica 701 is one of my all-time favorite donors, and we are elated with our first set of Ellingson Lakota calves.
- Much like her big sisters, this young calf has the look of a strong cow, she's good headed, great bodied, and nearly perfect footed. This is the spot where productive phenotype meets progressive genetics, highlighted by a top 15% FL, Claw and Angle EPD's and a top 25% $C value.

Call us to schedule a viewing prior to the auction!

Frank's offering is located 1.5 miles east of Lodgepole on Highway 30. Tiedeman's offering is located west of North Platte. All cattle will be at the Frank sale site on Thursday, November 19th, prior to the sale.

FEATURE LOTS

- When you combine good people, cattle, cow families, and data, GREAT things happen. These royally bred flushmates blend the dominant sire of the fall, True Balance, with a full sister to the $265,000 Ingram Heisman. They have a flashy, performance-driven build, a data package that will impress the most discerning statisticians, and a cow family that generates value in sale rings and pastures every year!
- The donor dam made a fast impact in the 7 Oaks program, producing the $25,000 7 Oaks Blackhawk, that sold in the Midland Bull Test to T&E Angus in Nebraska. He was named the Champion WDA Bull and member of the Champion Pen of Three at the Midland Bull Test - the comprehensive performance and efficiency of the Lady cow family strikes again!
- RB Lady Denver 167-453 is known for producing valuable sons in AI studs and influential daughters with equal dominance. Sons include Heisman, Bougie, Nobility, Validity, Swarovski, and Bona Fide. Her many daughters include the $400,000 BNWZ Lady 453-2771.
- True Balance progeny accounted for over 10% of the sale gross in the record setting Express Ranches dispersion, where 174 progeny averaged $16,394.
- Consider the elite $Values, pedigree, phenotype, and the potential - these sisters have the physical attributes and numerical intangibles to add new chapters to the legacy of the Lady cow family!
- **Offered by 7 Oaks Angus - Jason & Jess Schroeder 319-541-3290**

- This shapely Lakota female is out of a perfect uddered, first-calf Bold Ruler daughter. The granddam is a full sister to Atlantis and True North, and the great granddam is the $125,000 mother of Confidence Plus. Ellingson Lakota was a dominant sire in sale reports this spring, anchored by the $160,000 Hoffman McArthur at ST Genetics, and the $110,000 valued Ellingson Horizon.
- Lot 18 touts 24 traits or indexes in the top 25% of the breed or better, highlighted by top 1% $M and 2% $C, paired with an impressive slate of management traits. She ranks in the top 10% or better for Teat, Udder, Claw, Angle, and Scrotal. This is the caliber of female that will raise a noteworthy herdsire in the future - stout built, big bodied, great footed, progressive and flexible data, and a pedigree that has been praised in ranch country.

- Another fresh face in our sire lineup for 2026 is Ellingson Captain. We are very pleased with the consistency of his calves and fully expect him to have a strong impact on our herd in the coming years.
- This ET daughter from the Blanche cow family, may be the most striking in her look. She embodies the femininity of her beautiful mother, and I fully expect her to follow suit in terms of udder quality and true Angus character. She ranks in the top 20% and 30% respectively for Teat and Udder EPD's.

- This impressive Emulota female combines the $53,000 Unified with a proven Emulota donor that now works in the Cedar Top Ranch herd. She is a long, attractive, performance driven female that will make an incredible bred heifer. Her dam is a deep, athletic, fertile and good uddered female stemming from the best sister to JMB Traction.
- As we approach a paradigm shift in Red Meat Yield economics, capitalize on the CW, RE, and FAT improvement this female offers. You won't sacrifice function in that quest - look at the $Maternal, FL, $W, and Calving Ease combination.

- The best cattleman and women we work with always gravitate to the Susan Motive cow family. They are the type of females that work in silence in the middle of the herd. They always calve early, bring home a big calf, and the best part, they do it year after year. The dam to this outstanding young heifer calf is a maternal sister to Frank Susan Motive 4010 that sold to John Carrel, MT in our 2025 female sale.
- As an individual 6052 harnesses all that potential productivity into a powerful and appealing physical package. She really is a unique blend of new and old with time tested genetics and a rock-solid set of EPD's. She ranks in the top 30% of the breed or better for 14 different traits, highlighted by PAP and $M that each rank in the 15th percentile.

- Extremely attractive heifer in person and on paper! Sired by K Currency, the top selling bull in the 2025 Kreth Angus sale and selling to ST Genetics. K Currency is transmitting the same length, shape, style, and EPD potency that made him a standout in his calf crop.
- Udder quality, high-quality foot design, and superb production runs generations deep in this cow family. The granddam was a longtime donor in the Baldco and TC Ranch herds - this is the same cow family that raised TC Touchdown and TC Franklin.

- In recent years our show heifer program has taken a back seat to the growing popularity of our production genetics. However, I'll always have a soft spot for a good show prospect, and this one meets the criteria. She's feminine made yet still soft ribbed and awesome on her feet and legs.
- This February King Pin daughter is the result of an embryo purchase from Prairie View Farms, IL. Her mother is PVF Proven Queen 2228 who was named Bred and Owned champion female at the 2023 NJAS. More recently, a maternal sister was crowned Reserve Division Champion at the 2026 NJAS in the owned show. Lot 27 offers the genetic strength to win at the biggest shows.

- Full sisters from our cornerstone Everelda Entense donor - they are a matched set and bred to ranch! These feminine, shapely, Bar None daughters combine calving ease, fertility and $Maternal traits to build a cow family around.
- Rancher friendly pedigree combining one of the most complete sires in the Genex lineup with the cow family that produced Baldco Frank High Regard. These flushmates are maternal sisters to Lot 9, the granddam to High Regard. Stacking the Rito Lady 3839, Everelda Entense 1137, and Henrietta Pride 81M cows in one pedigree is exciting!

- This is a calf raising machine in the making - powerful, broody, sound, and good footed. Sired by the ABS bull, Heritage, one of the most elite options for $Maternal, foot improvement, positive carcass value, and Teat/Udder/Longevity traits.
- This could be your only chance to buy a daughter of Tehama Mary Blackbird E725. She is a massive built cow that shares a granddam with Tehama Tahoe. Powerful, predictable, profitable genetics run through every corner of this pedigree. A maternal sister by Commerce raised our best yearling bull this year!

- Explosively balanced data on an eye-catching, high-performance daughter of Bona Fide. Her young dam has made a fast impact and is the mother of Baldco RA Grindstone 05 that saw heavy use this summer. Bona Fide is a $Value feature at ABS and is a maternal brother to Heisman.
- Study the combination of improved calving ease with growth, fertility, carcass value, and extremely strong Teat/Udder and PAP traits. Her mother is the best uddered young cow, and her grandmother is a proven Pathfinder in the Sankey Angus herd.

BALDRIDGE TIEDEMAN FRANK CATTLE & GENETICS

Fall Yearling Heifers

Fall heifers will be synchronized and CIDRs will be pulled shortly after the sale. AI Sires available include Frank Fortify, Baldco Frank High Regard, and Hoffman Laredo 5311, and Red Angus sire, D/O Frontier 4002. The breeding date is scheduled for 11/27/2026. Let us know if you want your purchases left open or bred to one of these sires in the time that we schedule trucking to your operation.

- Lot 32 is a daughter of the $70,000 Connealy Merritt that impresses with shape, length, and capacity. Study her paperwork and her design - she combines many contrasting traits. She has calving ease with growth, added shape and performance in an efficient package, as well as impressive $M and $C values with a fresh pedigree.
- She is out of a great, young second-generation donor. Her dam, Mead Queen Lass U917, produced the $45,000 top heifer last year to Jason Parker, placed a son, Baldco Platte River, in the ALTA sire lineup, and her yearling bulls sold into the Linz Heritage, Abernathy Ranches, and 7 Oaks herds last spring. She has grossed over $225,000 in progeny sales in three years. Maternal sisters in production are ideal in their frame, length, center body, and udder design.
- **Sells open.**

- Maternal sister to Lot 48 and sired by the high maternal calving ease bull, Circle L Unified. He is young, but making a fast impact with 150 sons selling in the spring Vermilion Ranch sale for an average of $12,527. Unified progeny are attractive, gentle, and very consistent. His combination of calving ease, growth, PAP, carcass, and management traits are very hard to match. Unified also sired the #1 $Maternal and Functional Longevity sire in the Origen bull stud, Bar 3G United.
- This stylish, broody female is already showing signs of a really good udder. The projected EPD's for the Brazen calf she is carrying in utero rank in the top 2% for $M and top 15% or higher for Claw, Angle, Teat, udder, and $C.
- **AI'd to Ellingson Brazen on 5/2/2026, and exposed to Baldco RA Grindstone 05. Confirmed to Brazen, due 2/8/2027.**

- This big numbered Bold Ruler daughter has jaw dropping conformation - elegant fronted and packing worlds of shape from end to end. The deceased donor dam has been one of our most successful producers, and her daughters are proving to be some of our best young cows. She has averaged $9,800 on 9 sons in the last two years, and her daughters are the good uddered, productive kind that afford endless mating flexibility.
- Bold Ruler may see his highest sales year to date. Progeny are highly respected for their ability to balance progressive paperwork with a very stylish and shapely phenotype. Bold Ruler is a full brother to the Baldco, Rippe, & 7 Oaks donor, BA7 Oaks Erica J27, whose influence is featured in Lot 2.
- Think about this stack of cow families - Forever Lady, Elbanna, Isabel, Henrietta Pride, and Falcon Blackbird 6071 - you cannot go wrong putting great cows in a pedigree!
- **AI'd to Schiefelbein Continental, the outstanding new Genex sire, on 6/5/2026 and also covered by Baldco RA Grindstone 05 on the same day. Calf will have to be parent verified. Due 3/14/2027.**

- With this gentle Bedrock female, you will like what you find when you study her lineage! The granddam is 12 years old and still producing at Tehama Angus Ranch, and dam, K656, is a fertile and productive donor in the Baldco and Rippe herds. She is the dam of Baldco Rippe Demand that sold to Styles Angus in SD as our top selling bull in 2025. She posts ratios of BW 3@98, WW 3@104, IMF 6@114, and RE 6@108. She's been flushed 3 times, breeds back first service every year, and maintains a calving interval of 4@368 days. Likewise, the maternal sisters to this female raised whoppers this summer and have great teat and udder design.
- Her EPD's support our philosophy of progressive balance, as she excels with calving ease, growth, and top 5% or better DOC, HP, PAP, and $M. She also touts top 10% Claw and Angle traits.
- **AI'd to BCC Rapport on 5/3/2026, and exposed to Baldco RA Grindstone 05. Confirmed safe to Rapport, due 2/9/2027.**

- These two flush sisters are cool built, big topped, athletic, and pack a lot of red meat on a functional frame size. Pairing the Genex performance expert, Top Gun, with a proven donor from the heart of the famed Mill Brae herd. Our first wet Top Gun daughters are very impressive in their udder structure and weaned heavy calves.
- A half sister to this pair of flushmates, Mill Brae I Karama 7237, launched this cow family into notoriety in the 4 Sons and GMC programs. She has generated over $1,000,000 in revenue, placed several sons into AI studs, including Lifeline at ST Genetics and the $210,000 valued Breakaway, and has daughters working in the donor pens of prominent breeders throughout the country.
- **Lot 50 bred to Baldco RA Grindstone 05 (Reg: 21280381), due 4/4/2027.**
- **Lot 51 AI'd to Ellingson Brazen on 6/8/2026, due 3/17/2027.**

- The Prolific daughters have raised the bar for sheer productivity within our own herd. They are extremely fertile females that were the highest ratioing at weaning time amongst our entire group of 2 yr olds. Those are the numbers that put real money in a rancher's pocket. This stout female fits the mold, she's stout and bold in her design and settled AI on the first cycle.
- Her data is extremely impressive as well, she ranks in the top 1% of the breed for Claw, Angle, and $M.
- **Confirmed pregnant by ultrasound, due to Raven Stand Alone on 1/19/2027.**

- The Frank Impression 507 daughters have earned their keep around our place. They have been extremely low maintenance and easy keeping, while consistently performing at the front of the herd. Lot 77 raised our top selling bull in 2023, going to the Sullivan Ranch, WY.
- **Confirmed pregnant by ultrasound, due to multi-sire group on 2/18/2027.**

BALDRIDGE TIEDEMAN FRANK CATTLE & GENETICS

Red Angus DIVISION

- The Rebella cow family has been vital to our success in the Red Angus business. In the last year alone, FFG Rebella 726 generated $141,000 in progeny sales to average $17,625 on 8 head. That group included her outstanding son FFG Heritage 5059 that was purchased by Red Diamond Land and Cattle, TX and Niobrara Red Angus, NE. There is also a pair of maternal sisters that topped last year's female sale to TC Reds, WI and Buffalo Creek Red Angus, TX.
- These two high-performance flush sisters to Heritage are set to follow in their mother's footsteps. They are both long bodied, extended females that offer the extra growth the breed is craving. They also match their top 10% performance traits with the time-tested fertility we've been able to rely on from the Rebella cows. These are no miss genetics!

Red Angus THAT PACK A PUNCH

FEATURE LOTS

SIRE OF LOT 82 • H/H EMPIRE 1046

- This Empire daughter of 726 was no accident, and she may be my favorite of them all. Her and her flush sister were among the youngest of my fall calf crop in 2024 and we made the decision to hold them over and breed them for spring calves in 2026. There are no reproductive issues with this female, we just felt it was best to give them more time to mature. We couldn't be more pleased with the results!
- It's obvious that she's as deep and wide as we can make one, but it's her feet and legs that set her apart. She's nearly perfect from every angle, and these Empire cattle in production have proven to be some of the best footed we've seen in the Red Angus breed.
- Aside from her physical presence, she compiles an extremely balanced stat line that is highlighted by a top 22% ProS, top 15% HB, and a top 5% STAY figure.
- **Confirmed pregnant by ultrasound, due to D/O Frontier 4002 on 2/3/2027.**

- PIE Suzie 6457 is set to leave a lasting mark on our Red Angus program. Her daughters in production mirror her low maintenance body type, her maternal refinement, and her picture-perfect udder structure. It's getting harder to find good uddered Red Angus females and 6457 consistently transmits improvement to her daughters.
- More than just a pretty picture, 6457 earned her way to the donor pen by being one of the most fertile cows in our Red Angus herd. She's been able to maintain a 381-day calving interval on 7 natural calves while being flushed 3 times in the last 2 years. We are fully committed to maternal efficiency in our Red Angus Program and for the last 9 years this beautiful donor has helped guide the ship.
- She ranks in the top 10% of the breed or better for CED, BW, and CEM.
- **Sells open with heifer calf at side by D/O Frontier 4002 born on 10/3/2026.**

FEATURE LOTS

Flush Sisters

LOTS 84-85

- This pair of Reputation daughters from the FFG Dolly 9151 donor that topped last year's cow offering are sure to impress. Just like their perfectly designed mother, these dark red daughters always catch my eye. They are made right in their structure and have the fleshing ability to last. These females come from one of the most anticipated flushes on our ranch.
- We couldn't be more excited about the future of these young foundation females and believe they will set themselves apart in terms of fertility and udder quality.

- This is Sam and Kane's favorite female of the entire offering, and for good reason! She's moderate in her size and gives you the look of a cow that can make a living in any environment. Not only is she big bodied and easy keeping, but she has such a strong maternal look. She's beautiful in the shape of her front end and appears to be making a nice udder.
- She couples that low maintenance look with more than enough performance on paper, she reaches the top 14% of the breed for YW, and top 6% for WW EPD.
- **Confirmed pregnant by ultrasound, due to CER Blue Moon 4025 on 1/19/2027.**
